

Ceremonies by Kellie

I just love weddings! I feel so blessed that not only do I live in one of the most beautiful places on Earth, I also get to marry people here.

The Coffs Coast creates a perfect backdrop for a couple; whether you are looking for a beach, garden, waterfall or river setting, the Coffs Coast has it all.

I've been a wedding celebrant for over five years, and during that time I've married everyone from young couples just starting out to more mature couples who have found love again after facing various challenges in life. True love knows no boundaries.

When you are choosing your celebrant, it is important to ensure your style matches theirs. I have an outgoing, light-hearted and professional approach to marriage ceremonies.

At Ceremonies by Kellie, we also offer an end-to-end service, so that you don't have to worry about a thing. From your songs for your ceremony to filing of your legal documentation, I will guide you through the marriage process.

When getting married, the most important thing to remember is that it's your day. Lots of people will offer advice, which is great, but ultimately you need to decide on what is important to you, not everyone else. Trust yourself, relax and enjoy. Oh, and wear comfortable shoes!
